Sueno Rio Celeste

Bijagua, Upala, Costa Rica

Hotel Guide Book

A message from the owners

Thank you for considering our lovely bed & breakfast as you journey through Costa Rica!

On our first visit to the country we stayed at Sueño Rio Celeste and were overcome with a sense of tranquility and renewed energy! We hope your stay with us will leave you feeling rested and refreshed in order to take on the wonders of Costa Rica!

As you explore our property keep in mind that we are in a mountainous yet tropical rainforest that is full of life. You can expect some rain daily which helps to ensure our little piece of heaven is constantly vibrant, green and flourishing.

Temperatures can range from mid 60 to mid 80 degrees Fahrenheit. One of the many wonders of being situated between the Tenorio and Miravalles Volcanos is cool temperatures and the constant movement of the weather. Bringing a rain jacket and light sweater or long sleeve shirt is advisable most of the year.

You will most assuredly hike and trek while staying with us and to help you restore your shoes to a clean state, we have a large "Shoe Wash" station at the front of the property and towels on your refrigerator for drying them when you return to your cabin. We hope this guide will also assist you in organizing your activities during your visit.

On our property we have a simple jungle trail that starts in front of the reception area and gives you a nice 10 minute walk to see the jungle from below.

Our Jungle is natural and can have frogs, lizards, snakes, sloths, monkeys, the occasional coati and many birds. While the trails are groomed it is a jungle and there can be live critters on the path or on vegetation. Please look before you walk or touch!

We also have a lovely jungle yoga/meditation deck for your enjoyment and a large rancho with dipping pool and in-ground jacuzzi. Spa services can be arranged in your room or on the yoga deck and in the near future, also in our "Sueño Spa" Hut in front of the pool.

Be sure to check out our section on area Tours in the guide! There are many wonders to see in this region and we can assist you in narrowing down those that are best for you and help you reserve as needed. Most of the tours have a Facebook site or website so that you can check them out ahead of time.

In order to reserve a yoga class, spa service, tours or transportation, it is most efficient to do so ahead of your stay. Please email us at SuenoCeleste@gmail.com or message us on WhatsApp at +506 8713-7676 or call the hotel +506 8713-7676

It is our pleasure to serve you and we look forward to your stay with us!

**Relax, be at peace & enjoy!
Many blessings for a wonderful
adventure in Costa Rica!**

Marci & Bryant Hicks

Clean water

Our water comes from spring water on the Miravalles Volcano and it is filtered prior to delivery to our hotel, this means you can drink tap water!

If you would like your water cold for your adventure for the day, please ask as we keep cold water available for you water bottle at all times.

We value protection and conservation of our environment and the animals within. Therefore, we kindly request you to conserve as much water as possible.

Please utilize our recycle bins at the top of the property and be conscious and aware of the delicate flora and fauna that surrounds you while at the hotel and in Costa Rica itself.

Breakfast

We serve a delicious & fresh fruit salad accompanied by our homemade granola (nuts, seeds, oatmeal, honey), local yogurt & eggs prepared to your preference. Our daily side dish, homemade bread, French press coffee or Costa Rica chocolate, natural juice, & homemade marmalades round out a very good morning.

All are made with love daily using ingredients sourced locally.

In case of emergencies

in our amenities

Because we are located in a humid and tropical jungle surrounded by volcanoes we can eventually face different natural phenomena.

Since we wish you to have the best experience, please consider this recommendations if needed:

- Remain calm.
- Listen to the staff indications during evacuation.
- Make sure to bring ID with you during evacuation.
- Reunion point is located in the parking lot.
- There are fire extinguishers in each cabin.
- Avoid hand-feeding, petting or trapping wild animals if you get to spot or interact with them.
